We have said it before, and we say it now: DiRT Rally 2 0 Mac OS is the best rally game for Mac ever made.. Also, the weather system has been changed The grip and the visibility are the most affected by this change and you must adapt your vehicle for the extreme conditions.. The damage system has been improved and now you must take more care of your car because every single crash will have an impact on something.. Our team worked very hard to open a macOS port for this game as soon as possible.. Also, the tracks will start to break up, so you must be careful about how you drive.
